[Remarks/Directions](#)

Public Rmks: **This is one of two lots available (both are listed at \$239,900 including HST) on Salerno Lake side by side with Northwest exposure for beautiful sunsets. This is the larger lot lake frontage wise with 172' on the lake. The owner next door has a large parcel as well so privacy is maintained. Only 3 owners on this road and all parcels are over sized to keep privacy. The lots are well treed, sloping but very manageable for a walkout basement and room for detached garage. The shoreline is natural and the view is amazing from here. The forest is very clean from brush so it is easy to walk around and picture where the building would go based on the style of the new cottage built at the end of the road. Fabulous walleye, bass and muskie as well as loads of boating opportunity and all located at the south end of Haliburton County. Watch the video for a drone presentation as well as some interior forest video to give you an idea of what you can create here.**
