### Remarks/Directions

Public Rmks: **A private, well thought out 9 lot only development very well treed, within walking distance of Haliburton Village and featuring underground hydro, phone, internet, Stylish Street Lanterns and all on a municipality maintained roadway. An escarpment at the back of this lot creates a natural private backyard because the lot behind this lot must build on top of Keefer Street so even the access to that lot is on a different road. A dead end cul-de-sac ensures no traffic other than the residents on the street and the nature of this development is about preserving "rural" feel yet having all the amenities of being "in town". One of a kind opportunity to build your own home amongst other Newly built homes!**
